Description :

Prsentation de l'diteur Bullying at School is the definitive book on bullying/victim problems in school and on effective ways of counteracting and preventing such problems.Revue de presse"The problem of school bullying is one of growing dimensions and is of tremendous concern to teachers, parents, and many of the children themselves. Professor Olweus is without question the worlds leading authority on the topic. His book is a succinct yet accurate and thorough statement of the problem and what educators and parents can do

to alleviate it. It will be invaluable to its intended readership." Professor David G. Perry, Florida Atlantic University. "Olweuss book provides evidence that his programme of intervention has encouraging results where it has been applied, leading to significant and sustained reductions in direct and indirect bullying. This should encourage schools and authorities to study the method described and the valuable suggestions made. There is a useful and wideranging reference list of works on bullying and aggression." Criminal Behaviour and Mental Health "Dr Olweus program, which is in place at 42 Norwegian schools, is the first program against bully/victim problems to be scrutinized by scientific research... The program has been so successful that it is now being set up in several other countries including the United Kingdom, Italy, Germany, and the United States. For Dr Olweus... has studied the problem of bullying for 20 years... Dr Olweus intervention program is described in detail in his book Bullying at School." Pediatric News "Share it with other parents." Kentucky Enquirer Presentation de l'diteur Bullying at School is the definitive book on bullying/victim problems in school and on effective ways of counteracting and preventing such problems.
