## Description :

Prsentation de l'diteurWhat was it like to live in a Victorian household? What time did the servants have to get up? What was the food like and who cooked it? How did the clothing differ for the different types of servants? How much did the servants get paid? This fascinating book takes you back in time and shows you what it was really like to live in Victorian times, for those both above and below stairs, and what sights and smells would be around you.Prsentation de l'diteurWhat was it like to live in a Victorian household? What time did the servants have to get up? What was the food like and who cooked it? How did the clothing differ for the different types of servants? How much did the servants get paid? This fascinating book takes you back in time and shows you what it was really like to live in Victorian times, for those both above and below stairs, and what sights and smells would be around you.Biographie de l'auteurPamela Horn is a respected writer on British Social History. She lives in England.
