## Description :

Prsentation de l'diteurThis 'engaging history of punctuation' (Wall Street Journal) is not only the first history of its kind, but a complete guide on how to use English punctuation.Behind every punctuation mark lies a thousand stories. The punctuation of English, marked with occasional rationality, is founded on arbitrariness and littered with oddities. For a system of a few dozen marks it generates a disproportionate degree of uncertainty and passion, inspiring organisations like the Apostrophe Protection Society and sending enthusiasts, correction-pens in hand, in a crusade against error.Professor Crystal leads us through this

minefield with characteristic wit, clarity and commonsense. He gives a fascinating account of the origin and progress of every kind of punctuation mark over one and a half millennia, and he offers sound advice on how punctuation may be used to meet the needs of every occasion and context. Presentation de l'diteur This 'engaging history of punctuation' (Wall Street Journal) is not only the first history of its kind, but a complete guide on how to use English punctuation.
