[DOWNLOAD] Schaum's Outline of Probability, Second Edition

**430 fully solved problems**

- Concise explanations of all course concepts
- Information on finite and countable sets, binomial coefficients, axioms of probability, conditional probability, and expectation of a finite random

#### USE WITH THESE COURSES

- Elementary Probability and Statistics • Data Analysis
- Finite Mathematics • Introductory Statistics • Discrete Mathematics
- Introduction to Probability Theory

Seymour Lipschutz, Ph.D. • Marc Lipson, Ph.D.

## Description :

Prsentation de l'diteur\*\*\*IF YOU WANT TO UPDATE THE INFORMATION ON YOUR TITLE SHEET, THEN YOU MUST UPDATE COPY IN THE "PRODUCT INFORMATION COPY" FIELD. COPY IN THE "TIPSHEET COPY" FIELD DOES NOT APPEAR ON TITLE SHEETS.\*\*\* A classic Schaum's Outline, thoroughly updated to match the latest course scope and sequence. The ideal review for the thousands of college students who enroll in Probability courses. About the BookAn update of this successful outline in probability, modified to conform to the current curriculum. Schaums Outline of Probability mirrors the course in scope and sequence to help enrolled students understand basic concepts and offer extra practice on topics such as finite and countable sets, binomial coefficients, axioms of probability, conditional

probability, expectation of a finite random variable, Poisson distribution, and probability of vectors and Stochastic matrices. Coverage will also include finite Stochastic and tree diagrams, Chebyshev's Inequality and the Law of Large Numbers, calculations of binomial probabilities using the normal approximation, and regular Markov processes stationary state distributions. Key Selling Features Outline format supplies a concise guide to the standard college course in Probability 430 solved problems Easily-understood review of

Probability Supports all the major textbooks for Probability courses Clear, concise explanations of all Probability concepts Appropriate for the following courses: Elementary Probability Statistics; Data Analysis; Finite Mathematics; Introduction to Mathematical Statistics; Mathematics for Biological Sciences; Introductory Statistics; Discrete Mathematics; Probability for Applied Science; Introduction to Probability Theory Record of Success: Schaum's Outline of Probability is a solid selling title in the series with previous edition having sold over 12,500 copies since 2002. Supports the following bestselling textbooks: Bluman, Elementary Statistics: A Step by Step Approach, 4ed, 0073347140, \$92.22, MGH, 2006. (MIR: 7,265 units) Hungerford, Mathematics with Applications, 9ed, 0321334337, \$129.48, PEG, 2006. (MIR: 2,731 units) Rosen, Discrete Mathematics and Its Applications, 6ed, 0073229725, \$151.76, MGH, 2006. (MIR: 2,866 units) Market / Audience Primary: For all students of mathematics who need to learn or refresh Probability skills. Secondary: Graduate students and professionals looking for a tool for review Enrollment: Elementary Probability and Statistics 504,600; Data Analysis 16,820; Finite Mathematics 106,732; Introductory Statistics 38,657; Discrete Mathematics 50,592; Introduction to Probability Theory 3,196

Author Profiles Seymour Lipschutz (Philadelphia, PA) who is presently on the mathematics faculty of Temple University, formerly taught at the Polytechnic Institute of Brooklyn and was visiting professor in the Computer Science Department of Brooklyn College. He received his Ph.D. in 1960 at the Courant Institute of Mathematical Sciences of New York University. Some of his other books in the Schaum's Outline Series are Beginning Linear Algebra; Discrete Mathematics, 3ed; and Linear Algebra, 4ed. Marc Lipson

(Charlottesville, VA) is on the faculty of the University of Virginia. He formerly taught at the University of Georgia, Northeastern University, and Boston University. He received his Ph.D. in finance in 1994 from the University of Michigan. He is also coauthor of the Schaum's Outline of Discrete Mathematics, 3ed with Seymour Lipschutz. Presentation de l'auteur \*\*\* IF YOU WANT TO UPDATE THE INFORMATION ON YOUR TITLE SHEET, THEN YOU MUST UPDATE COPY IN THE "PRODUCT INFORMATION COPY" FIELD.
