## Description :

Prsentation de l'diteurHello,Congratulation on purchasing Edwards learning eBook 10. I am sure this method  
will provide you a steady daily income.I would like to teach you very simple but very powerful statistical  
method because 99% of novice traders make mistakes early on; lack of discipline, over trading, chasing

losses, etc. and I was no different. There's no point me trying to hide that, you'd never believe it anyway! I realised I would need to put some serious work in. I spent many, many hours week after week engrossed in spreadsheets and trawling through stats websites looking for profitable angles. Unlike betting at a bookie, with Betfair there is always a winner and a loser. The second most popular football market on Betfair is undoubtedly the Over/Under 2.5 Goals market .....But this method is not about over/under 2,5 goals betting!
